

Announcement

Bids to host the 9th World Congress of Herpetology in 2020 are now open.

Herpetological Societies & Academic Institutions are invited to submit a bid to host the 9th World Congress of Herpetology in 2020

Submissions should be presented to the WCH Executive
Email: m.hero@griffith.edu.au

Closing Date:

14th of May 2016

Considering the year and location of previous WCH meetings, the following list provides a preferences for the 2020 WCH

- 1. Palearctic Europe**
- 2. Australasia & Pacific Islands**
- 3. Africa**
- 4. Neotropical America**
- 5. Oriental Asia**
- 6. Nearctic America**
- 7. Palearctic Asia**

A flexible rotation will allow WCH to ensure congresses are fairly and evenly rotated around the different zoogeographic regions of the world. The rotation is flexible and acts as a guide only, and may not be strictly adhered to, however the position on the rotation list will be considered when assessing bids for future WCH congresses. Once a region successfully hosts a WCH congress its region will be placed at the bottom of the table, and will not be eligible to bid for the subsequent congress.

WCH Congresses: 1989 - 2016
